

# CPE network

Help your team stay up to date on the latest news and industry developments with CPE Network, a subscription package featuring in-depth interviews with today's leading experts delivering relevant updates and commentary.

## Why choose CPE video courses?

**Bring expertise in-house:** Host in-house seminars where our experts discuss the topics most relevant to you.

**Satisfy up to 100% of your CPE needs:** CPE Network programs provide up to 90 CPE credit hours per year. Enjoy instant grading and online certificate printing.

**Keep your staff updated:** Understand current AICPA, FASB, SEC, GAO, OMB, and Yellow Book developments, IRS guidance, tax legislation, and more.

**Build a company-wide reference library:** Full transcripts, discussion questions, and supplemental materials are included with each issue.

**Start a conversation — and keep it going:** Pause the CPE videos as frequently as you'd like and use discussion questions to spark lively conversation.

## Superior service

**Group pricing:** Set a standard of excellence for your firm-wide training. Conduct an expert-led, in-house seminar for group live credit, and satisfy up to 100% of your workforce's CPE requirements. The convenient DVD format allows you to pause for discussion. Subscriptions allow for up to 25 users.

**Valuable resources:** Keep your staff updated on the latest AICPA and FASB developments along with IRS guidance, essential court decisions, and tax law changes. Full transcript, discussion questions, and supplemental materials are included with each issue so you can build a company-wide reference library.

**Customize frequency:** You'll receive a new issue 11 times per year for the Tax or Accounting and Auditing subscriptions, or quarterly for Governmental and Nonprofit Accounting. Members may make up missed sessions on their own time with CPE Network Online (complimentary to every subscription).
